

KOR SmartGrants 365

Powered by Microsoft Dynamics 365 to enable nonprofits to plan, track, and report funding with confidence, clarity, and real-time visibility.

Why Nonprofit Funding Is So Hard to Manage

If you work in a nonprofit, you know the hardest part isn't just winning funding—it's managing it well. You're juggling multiple donors with different rules, multi-year projects across countries and partners, and a maze of spreadsheets and emails that break whenever something changes. Donor reports eat up time, while pressure to prove impact and stay compliant keeps rising. Smart people end up chasing data instead of driving programs. What you need isn't more effort, but a clear, structured way to manage grants and sub-grants end to end.

Introducing KOR SmartGrants 365: Take command of your funding lifecycle

KOR SmartGrants 365 extends Microsoft Dynamics 365 CRM with a pre-built, end-to-end framework designed specifically for nonprofits.

It helps you **plan, award, track, and report** on grants and sub-grants in one place, with clear governance, financial alignment, and real-time visibility.

It's particularly well-suited for organizations that:

- 01 Work with multiple donors and funding streams
- 02 Run global research or development programs across countries and centers
- 03 Depend on implementing partners and sub-grantees to deliver results

Instead of building everything from scratch, you start with a ready-made structure that already understands how nonprofits manage funding.

What KOR SmartGrants 365 Delivers Across the Funding Lifecycle

01

End-to-End Funding Lifecycle

Leave spreadsheets and email threads behind.

One central view of all active, upcoming, and closed grants

Approval workflows that match your internal policies

Automated alerts for reports, deliverables, renewals, and extensions

From intake to close-out, everyone sees the same picture and next steps are always clear.

02

Sub-Grant & Partner Coordination

For partner-heavy work, you need full funding context, not just a list.

Link sub-grants to parent awards for a complete funding chain

Capture partner budgets, obligations, deliverables, and reporting cadence

Log risks, deviations, and corrective actions in one place

You know who's doing what, with which funds, and how they're performing.

03

Financial Alignment & Accountability

Funding shouldn't require detective work.

Track commitments, disbursements, and remaining balances

See budget vs. actuals at grant and sub-grant levels

Support donor and internal control requirements

Finance, programs, and leadership get a shared, trusted view of every dollar.

04

Program & Country-Level Visibility

Designed for distributed, multi-country operations.

Power Apps for easy updates from field and country teams

Full audit trails for key actions and decisions

Dashboards by country, program, or theme

You move from guesswork to a clear view of progress, risks, and priorities.

05

Donor & Institutional Reporting

Stop scrambling every reporting cycle.

Pre-built templates for technical, financial, and progress reports

Consolidated view across programs, partners, and workstreams

Direct mapping to donor KPIs and institutional frameworks

Capture data once, reuse it everywhere, and report with confidence.

The Payoff for Nonprofits: From Admin Burden to Mission Focus

This isn't just about better software—it's about freeing capacity and lowering risk so you can focus on your mission.

With KOR SmartGrants 365, nonprofits typically see:

More predictable processes

fewer surprises, fewer last-minute scrambles, clearer ownership.

Stronger compliance

better audit trails, fewer gaps, and data donors and regulators can trust.

Smarter decisions

leaders see which programs work, where risks grow, and how funds flow.

Better coordination

HQ, field, and partners work from one system, not scattered spreadsheets.

More time for impact, less on admin.

Built on Microsoft Dynamics 365: A Platform You Can Trust and Grow With

Many nonprofits already trust Microsoft for productivity and security. Extending Dynamics 365 CRM with KOR SmartGrants 365 lets you build on familiar tools, simplify IT management, integrate smoothly with Outlook, Teams, SharePoint, and D365 Finance, and create a scalable platform that grows with your organization.

You're not just adding another point solution—you're strengthening your **core digital backbone**.

Take the Next Step: Bring Clarity to Your Funding Chain

If your teams are exhausted by spreadsheets, inboxes, and last-minute reporting scrambles, KOR SmartGrants 365 gives you control over the full funding lifecycle, reduces compliance risk, and enables faster, better decisions with trusted data. It's more than an IT upgrade—it gives your teams time back, builds donor confidence, and lets your mission grow.

Korcomptenz
